Medical Center

Charles R. Wira, PhD
Dartmouth University

Ana Zenclussen, PhD
Helmholtz Centre for
Environmental Research

Kristen Noble, PhD
Vanderbilt University Medical Center

About the Artist: ASRI

The **American Society for Reproductive Immunology (ASRI)** was founded in 1981 with the mission to foster the development of reproductive immunology research, increase intellectual exchange between clinical and basic branches of reproductive immunology and provide mentoring for scientists-in-training.

The ASRI is home to a diverse membership that includes clinical and basic scientists specializing in Obstetrics & Gynecology, Reproductive Biology, Microbiology, Mucosal Immunology, Genetics, Pediatrics, Infectious Diseases, Endocrinology, Pathology and Animal Sciences. Since its inception, the society has held an annual meeting to promote collaboration, cross-disciplinary research and mentorship within the field of Reproductive Immunology.

The American Journal of Reproductive Immunology (AJRI) is the official scientific journal of the ASRI and is ranked in the Top 10 in Reproductive Biology Journals, with a 5-year impact factor of 3.013. The AJRI publishes original research, reviews and opinion articles covering a range of topics within the field of Reproductive Immunology. The abstracts from the annual meeting are also published in AJRI.

For more information about the ASRI please visit us at www.theasri.org.

Get Your Tickets: Invitation to Attend

On behalf of the American Society for Reproductive Immunology, it is with great enthusiasm that we invite you to attend the 42nd Annual Meeting, to be held at the Grand Hyatt Nashville, located on Broadway at Nashville Yards, walking distance to shopping, music, sports and the best downtown Nashville has to offer! Our meeting brings together basic scientists, clinician-scientists and healthcare providers who work together to translate scientific discoveries into improved patient care.

This is an excellent opportunity for exhibitors and sponsors to advertise and/or interact with our diverse membership made up of professionals working in academia, industry, and clinical settings. This year's meeting will be an especially fitting for introducing and/or promoting new products and technologies. Fitting to Nashville, America's Music City, the theme for ASRI 2022 is "Get In Tune with the Latest Hits in Reproductive Immunology". The Scientific Program committee has put together an exciting schedule of events, including plenary and break-out sessions led by leading national and international experts in the fields of Obstetrics & Gynecology, Immunology, Pediatrics, Infectious Diseases, Genetics, and Developmental Biology. We have multiple sponsorship opportunities for the annual meeting of ASRI 2022. Sponsors also receive complimentary registration, invitation to our Welcome Reception and Awards Banquet, and recognition on our website, in our program, and on our mobile app!

ASRI 2022 promises to provide multiple opportunities for learning, exchanging ideas and discovering up-and-coming technologies at a stunning venue. It is unique because it combines clinical medicine and reproductive immunology to create a synergistic scientific environment that brings together scientists, and clinicians worldwide. Our overall goal is to have scientists and physicians share their latest research and clinical findings. This meeting also looks to the future. Our Society is rich with the next generation of future scientists and clinicians (graduate students, postdoctoral fellows and residents) who will have a format to present their findings and to interact with leaders in the field of reproductive immunology.

We look forward to seeing you in Nashville!

David Aronoff, MD, PhD
Indiana University School of Medicine

Indira Mysorekar, PhD
Baylor College of Medicine

The Audience: Attendee Demographics

250+ Attendees from
20+ Countries

43% Clinicians and
Clinician/Scientists
(MD & MD/PhDs)

42% Professional Scientists
(PhDs)

15% Trainees and Fellows

Target Audience

Basic, translational clinical scientists, scientists-in-training studying reproductive biology, immunology, infectious diseases, development, and related subjects

Clinicians, clinician-scientists, fellows, residents and epidemiologists who work in obstetrics & gynecology, infectious disease, neonatology, pediatrics, neuroscience, immune-related diseases and related fields.

Reasons to Attend

- Engage with serious medical professionals and scientists
- Meet current and future customers
- Generate new business opportunities with leaders in the field
- Interact and engage attendees in new ways – in person!
- Network with ASRI stakeholders, speakers and past president “Rock Stars”

Show Venue: Grand Hyatt Nashville

Voted the #1 Best New Hotel by USA Today and earning a 4-Diamond designation from AAA, this luxury hotel offers a sophisticated retreat in the heart of Music City, with a prime locale – straddling the trendy Gulch neighborhood and vibrant downtown – surrounded by shopping, restaurants, bars, and entertainment.

Grand Hyatt Nashville is home to one of the tallest outdoor rooftop lounges in Nashville, a fifth-floor pool deck overlooking downtown, world-class spa R+R Wellness, and seven culinary experiences – including a new concept offering reimagined American classics from James Beard Award-winning chef, Sean Brock, at The Continental. The hotel is within walking distance to many of Nashville’s most popular attractions, including the Nashville Convention Center, Country Music Hall of Fame, and Bridgestone Arena.

More than 80 cities fly nonstop into [Nashville International Airport \(BNA\)](#). Then it’s just a brief ride to anywhere you want to be in Music City. Find out how to get to Music City and how to move around with ease with this [transportation information](#).

From its very beginnings, Nashville grew from a foundation built on music. **Music has been the common thread connecting the life and soul of the city and its people.** And visitors have ventured here to experience the music that weaves such a fundamental pattern in its cultural, business and social fabric. **Creativity is the heart and soul of Music City** and there’s never a shortage of inspiring things to do. From music, culture, and the arts to food, sports, and shopping, there is an “only in Nashville” experience waiting for you.

Good to Go is Music City’s hospitality safety program to help Nashville residents and visitors easily identify businesses in every industry that are committed to your health and safety.
